

Fenchurch Faris Ltd.

Political Risk, Political Violence & War

International business is fraught with risk. Global political uncertainties pose additional risks that purely domestic companies do not face. Political risk encompasses a wide range of perils, such as government interference, expropriation, civil unrest and financial crises that can disrupt operations, extinguish profits or jeopardize investments.

However, there are insurance tools that help manage these political perils with confidence and resilience.

FENCHURCH
FARIS

Political Risk

Reinsurance policies can be provided to indemnify investors and owners of fixed and mobile assets, including equity or debt of an investment, aircraft, vessel, stock and contractor's equipment against expropriation and other forms of foreign government intervention including aircraft and vessel non repossession.

Policies are also provided for traders and commercial organizations indemnifying against counter-party default under contracts for the sale or purchase of goods and services and cover pre and post shipment risks, unfair calling of contract bonds, currency inconvertibility and exchange transfer.

Insured may either be directly concerned in the risk or providing finance to a party directly concerned in the risk. Product recall, malicious, product tamper, piracy, kidnap and ransom risks are written within this section of the business for non marine and marine exposures.
